General provisions

The terms of this Product Specification and Trading Schedule will apply to all Products listed at NOREXECO. In the event of any conflict between the Rulebook and the terms in this Appendix 1, the Rulebook shall prevail.

Common descriptions

1.1 Months, Quarters and Calendars

All Products are Listed and Traded as single Month, Quarter or Calendar Products. All Trades are Cleared as single Months.

A Trade in a Listed Product is only completed when all single Months of the Listed Product have been Cleared.

A Quarter Product consists of three single Month Products bundled together and is legally a Trade in each individual month only after all three Month Products have been Cleared:

Q1 – January, February and March

Q2 – April, May and June

Q3 – July, August and September

Q4 – October, November and December.

A Calendar Product consists of the months January through December of a calendar year bundled together and is legally a trade in each individual month of the calendar year only after all 12 Month Products have been Cleared.

1.2 Listing of Products

The Listing of Products consists of 6 single Month Products, 6 Quarter Products and 2 Calendar year Products, altogether maximum 36 months on the curve,

On the Last Index day in a month, the current Month Product will be de-listed and a new Month Product will be added to the far end of the curve on the next Trading Day.

On the Last Index day of the first month in a quarter, the Quarter Product for the current quarter is de-listed and a new Quarter Product is added to the far end of the curve on the next Trading Day.

On the Last Index day of January, the Calendar Product for that year is de-listed, and a Calendar Product for year 'current+2' year is listed on the next Trading Day.

1.3 Contract Price

The Contract Price is for all months included in a traded Quarter or Calendar Product.

A Contract Price of X for a Quarter or Calendar Product means that the Contract price for the months included in the Quarter or Calendar year all have a Contract Price of X.

1.4 Contract Volume

The Contract Volume is the volume in Metric Ton (MT) per each month in the traded Quarter or Calendar Product.

A Contract volume of Y MT means that the volume of each month included in the Quarter or Calendar year all have a Contract volume of Y MT.

Minimum volume is 100 MT per month and volume tick size is 100 MT per month.

1.5 Notional value

The Notional value of a Trade is:

Contract Price * volume in MT per month * number of months in the Contract

1.6 Contracts based on weekly indices

The Fastmarkets FOEX PIX and the Fastmarkets RISI Indices are published on product specific Index Days within the month. See specification of publication-days and -times in the tables in this document. In general, if an Index Day is not a business day in the country of publication, then the next business day in the country becomes the Index Day.

Each month consists of 4 or 5 Index Days in accordance with the number of Index Days in the month.

1.7 Variation Margin

All futures Products are subject to daily payment of Variation Margin.

1.8 Initial Margin

Positions in NOREXECO futures products are subject to Initial margin requirements according to the Clearing Rules.
